Flyer Asks City For OK to Build \$27,000 Hangar

A request to erect a \$27,000 concrete and steel hangar at the Torrance Municipal Airport by Bob Prileger, owner of the Eagle Aviation Co., is to be considered by the Torrance City Council at its next agenda meeting.

Prileger, operator of a flying school and charter service at the local airport, stated that the 100 by 100 foot hangar would be used for aircraft storage and maintenance. Later office space facing Pacific Coast Highway would be provided, Prileger said. The building would face toward the east.

Ultimately, Prileger said the investment would hit \$35,000 when repair facilities which already have been planned for are erected along the north side of the proposed building.

The City of Torrance owns the airport property and the erection of the additional facilities there would bring in additional revenue to the city.

JOIN Mayfair Employees going to YMCA Breakfast

... say Mayfair Employees ...

Saturday is a very important date at the Torrance YMCA. It's the annual fund-raising breakfast and open house. The Mayfair Creamery is supplying the milk and cream for the breakfast—and plenty of support ... a repeat performance just like last year.

Every driver-salesman and men and women from the plant who can be spared will be there — so as long as your milk may be a little late Saturday — why don't you join us if you can — it's a good cause and you'll meet many of your neighbors there. Saturday from six till noon.

"... see you Saturday?"
